New Delhi, June 5, 2023 - The Global Energy Digitalisation Conclave 2023, a prestigious gathering of industry leaders, policymakers, and technology innovators, concluded successfully on May 26th in New Delhi. The GEDC 2023 brought together experts from around the world to discuss and accelerate the digital transformation of the energy sector. With a focus on fostering collaboration and exploring cutting-edge technologies, the conclave provided a platform for valuable insights and meaningful discussions on the future of global energy.

Hosted by the ICONEX and SESPhs, the Global Energy Digitalisation Conclave aimed to address the challenges and opportunities associated with the digital revolution in the energy sector. The event witnessed an unprecedented gathering of more than 500+ participants, including policymakers, CEOs, CIOs, technology experts and thought leaders, who collectively represented a wide spectrum of the global energy ecosystem.

TESTIMONIALS

“GEDC 2023 has provided single platform for various domain experts to share their knowledge and experience which will help in adoption of digital Solutions in energy sector for achieving Sustainable Energy”

Sumit Kumar Sinha

*Dy Director - Information Technology
and Cyber Security Division
Central Electricity Authority (CEA)*

“Please to interact with Key stakeholders helping in laying Digital pathway for Energy transformation. Would love to see larger eco-system of enterprise participation in GEDC 2024”

Sandip Roy

*Director – Industry Solutions in
Oil and Gas
SAP India Limited*

“Thank you for inviting me at GEDC 2023 to discuss about Sustainability vs Profitability. It was a really an exciting conference which enriched us with latest information on various developments in addition to opportunity of meeting colleagues from the industry and other professionals. We at HMEL will certainly gain from the additional knowledge obtained during the Conclave.”

Harak Banthia

*Chief Financial Officer
HPCL Mittal Energy Limited*

“Thanks for the opportunity provided to share views with some of the industry thinktanks who are leading sustainable energy transition in their respective organisations. It was great to share my views on topic like ‘Technology enablers to fulfil the sustainability conscious customer’s demand’ as part of the panel discussion . Such forum provides great platform to exchange knowledge on some of the key topics like energy transition and sustainability and learn from each other.”

Amar Jadhav

*Industry Advisor Sustainability
SAP India*
